Our thoughts...

This year has been a whirlwind of activity and emotion. One of the things that has presented itself more than ever has been the strength of our team. Through every change, transition and unknown everyone has shown their commitment to Move The World and our mission.

Over the past 12 months we have completed our pilot Get Global programmes, started another 7, said goodbye to key people and gained additional members to our family. We have learnt much about grant writing thanks to Chris from Air Balloon Consulting, and ran a successful gala event, more than doubling our fundraising target with over 130 people in the room!

Over the course of the year, we have focussed our strategy and each team member has developed a strong understanding of the scope and depth of our work. We are honoured to be working alongside such incredible people both in Ghana, delivering programmes and in the UK, developing and fundraising to increase our impact.

We wouldn't be able to do this on a day to day basis without the dedication of Caroline Capon, Project Manager and Lawrencia Awuku, Programmes Director. These women have gone above and beyond to ensure that each programme is run with the highest quality and that our foundations are solid - enabling us to grow steadily. In addition, the Get Global facilitators are the backbone of our work- each of them bringing their joy and enthusiasm to everything they do.

Lastly, a big thank you to our trustees and to all our supporters following our journey. We are sure next year will continue to challenge us and present new opportunities. As we work our way through COVID-19 and its after effects, we thank you for your continued support.

Keep Moving the World!

Managing Director

Chair of Trustees

Year in Review

It's been a whirlwind of a year! Here are our highlights:

2019

Trustee & Friends Strategy Trip

To end off the FY 2018-19, the UK team, trustees and a few supporters spent 10 days with the Ghana core team and facilitators. This was a fantastic chance to reconnect, strategise about the years ahead and co-create our working theory of change. This was the first time that the UK team was able to see Get Global in action as well- lasting memories had by all.

Private Partnerships

In June 2019 we hosted our second annual three-week trip for a private group from the US. For most of the group this was their first experience in Africa and they were immersed in culture, art and co-hosted an environment community project.

Not Goodbye... See You Later

In May and June 2019, we said thank you and goodbye to Co-Founder, Jacque Rossi as well as Ghana Director, Emmanuel Mumuni.

Jacque is focusing on a brand new enterprise and Emmanuel has been asked to join GIZ in developing their Ghana programmes. Emmanuel has now joined our Board of Trustees. We are thankful for everything they have both supported with over the years.

Pilot Programmes Complete

July 2019, marked our first two pilot programmes at Meyah Preparatory School complete! All students were awarded with a certificate and our facilitators took a well earned rest! We are so proud of our facilitators and how they have taken ownership of their abilities and supported the creative development of the programme.

Hello Lawrencia

In July 2019 we welcomed our newest member of staff, Lawrencia Awuku. She has taken over the role of Ghana Programme Director. Within the first few minutes of meeting, we knew this was the woman for the job.

Curriculum Development

In August 2019 we put our heads down to reflect, learn and adapt following the pilot programmes. The adaptations included:

- redesigning the passports
- updating training manuals
- adjusting how lead and support facilitators work alongside each other.

New School Year

In September 2019 we started three new Get Global Programmes with new partner schools!

Fundraising

Given the progress we have made on the design and delivery of our programmes over the past year, we felt it was time to invest in support on the funding side of our work. We hired Air Balloon Consulting in October 2019 who really helped us to develop a case for support for grants and other funding bodies. We really enjoyed this process and felt much more confident and ready to start applying for relevant funding.

Facilitator Training

In November 2019 we trained 6 new facilitators over the course of 4 days. We spent long days together going over facilitator techniques, the Get Global curriculum and having some fun getting to know each other. Each new facilitator will transition into a support role this coming year. We would like to welcome our 6 new facilitators to the team!

Christmas

December is a special time as we release our annual Christmas video to celebrate our team and have a few laughs. Many thanks to our numerous supporters.

2020

More New Programmes

In January 2020, we started four (4) new programmes in Medie. This brought us to a total of seven (7) programmes running simultaneously. The team was busy and the pictures and videos came through regularly.

Lovers & Bluffers

We held our 2nd annual Lovers and Bluffers gala event in February.

This year our casino themed evening was held at the Corinthia Hotel, London, and we had 130 people in attendance raising an incredible £16,500!

We can't wait to see you next year!

Lawrencia in London

Lawrencia came to London in February which was a great chance to spend time as a group and dive into strategic planning.

Lawrencia spoke at Lovers and Bluffers as well helped the UK Team host a Brownie Day with the Girls Guides of Staines. A half day workshop focused on the SDG's for 50 girls!

COVID-19 Response

When the schools in Ghana closed due to the global COVID-19 pandemic we, alike many small charities and businesses, had to jump to action on how we would respond.

We discussed how to support at-home learning for students given virtual learning is not widely accessible. We designed and printed 300 COVID-19 workbooks and distributed them in the Medie community. These 14 day workbooks provided child friendly explanations about Covid-19 as well as daily fun activities and challenges to stimulate and inspire learning about personal responsibility, community and global citizenship.

Our COVID Vworkbooks were made available to download online and were downloaded in 10 different countries!

In addition to providing learning for students, it was also important for us to ensure the sustained livelihood and wellbeing of our facilitators. Due to the lack of programming, we adapted the role of our facilitators. Each week they researched and produced content for our blog and social media in order to capture the importance of Global Citizenship Education, the Get Global programme and their experiences with Move The World to date. We have had great engagement and feedback and hope you have enjoyed their content.

A photograph of two young people, likely students, sitting at a wooden desk and looking down at a book or paper. The person on the left has dark hair in braids and is wearing a white t-shirt with 'ENP' and 'GLOBE' visible. The person on the right is wearing a brown and white striped shirt. In the background, there are stacks of books on a shelf.

Partnerships & Collaborations

With thanks to our ongoing partnerships and collaborators who make this work so much fun

1 Billion Africa, based in Accra, Ghana have become a key partner for our programmes and experiences. With aligned purposes, their team of young change makers often support the delivery of our programmes.

The Dagara Music Center have been our home in Ghana from the beginning. They welcome us with open arms and share Ghanaian traditions, dance and music with us to keep us entertained and welcomed!

Justin & Kathy of Cartology Travel have provided unwavering support throughout the past 2 years. Their donations to our auction at Lovers & Bluffers enabled us to raise an amazing £16,500.

Meyah Preparatory School trusted us to pilot our very first Get Global Programme. We couldn't be more grateful for their support, open doors, and wonderful students.

Partnering Schools

We say a very warm welcome and thank you to all new schools that have joined us this year. We appreciate the opportunity to run our Get Global Programme in your schools and your constant support. We look forward to building lasting relationships, continuous collaboration for successful delivery of Get Global and creating meaningful impact for students, schools and Medie community at large.
